It could not be learned therefore whether any lawyer had notified Mr. Wellman of his retention as counsel for Capt. Devery.

At the Old slip station Capt, Devery's present comand, it was stated this morning that the Captain's illness was merely one of the complaints common to the heated term. Other police officials said he had caught a cold, which had settled in all his joints, giving him a sort of rheumatism, while Mr. Schell, of his former counsel, said that the Captain's eyes were troubling him again, and that his head was affected.

Mr. Goff, counsel to the Lexow Committee, and Frank Moss, attorney to the Parkhurst Society, are both away on vacation, and their attitude towards the Devery case is problematical.

Capt. Devery, along with his faithful Ward Man, Edward Glennon, in the Eldridge street, and now at the Old slip station, are charged jointly, and will be tried together, as Capt. Doberty and his men were.

tried together, as Capt. Doherty and his men were.

Capt. Devery and Ward Man Glennon are charged with "bribery, extortion, neglect of duty, conduct unbecoming a police officer, and conduct injurious to the public peace and welfarr." There are fifty-six specifications, and scores of complainants who allege that their money was taken in lump sums of \$50 and in monthly payments of \$56 for "protection" in their nefarious business as disorderly-house keepers.

But none of this money ever paid for a fine residence for Capt. Devery, as it was suggested in Capt. Doherty's case, for Capt. Devery lives in a rented house, it is a narrow, four-story, brown-stone house of only nine rooms.

It is finished in hard wood and handsomely furnished. The Captain pays \$1.100 a year for it, quite possible on a \$2.750 salary. The Captain has been on sick leave for a week at Far Rockaway. He returned to town last night.

NEW FUSS AT PULLMAN.

CHICAGO, Aug. 7.—The sensation of the day yesterday at Pullman was the refusal of Company M, infantry, to eat at the same table with non-union men. The workmen were a part of the new force hired yesterday and smuggled in with the soldiers on the apology that they were afraid to go home for dinner. As the practice had been tried in merch in a body into this city, and the public need have no fear of any trouble whatever. Those fellows have no right to merch in a body into this or any other Union Men. they were afraid to go home for dinner. As the practice had been tried in a smaller way last week to the disaste of the company, the soldiers were prepared for decisive action.
